# CRUMBS SUGAR COOKIE™ BOARD GAME INSTRUCTIONS

Crumbs is hosting a party and you're invited! Travel around Lalaloopsy Land picking up friends and collecting baking supplies and ingredients before heading to Crumbs house for tea and treats.

## Getting Started:

1. Print the board game and follow the guides on the printables to assemble.
2. Create the game pieces by first folding up along the solid line at the base of each character and then folding in half. Next, apply glue in the back of the image and firmly press both sides together. Be careful not to apply glue to the base. Affix a penny to the base to create a sturdier game piece.
3. Print and cut the spinner. Punch a hole where indicated and affix the arrow to the spinner using a brass fastener.
4. Print and fold the cards in half and have your child place the cards facedown on the board, matching the character pictures with the ones displayed.

## During the Game:

The object of the game is for each player to collect all of Crumbs's friends on the way to her house.

1. Each player takes a turn spinning. The player that spins the highest number goes first, followed by the player who spins the next highest, and so on in that order.
2. Each time a Lala's home is passed, players can collect that character's card.
3. In order to collect an ingredient or supply, players will have to land directly on the space marked by Crumbs's character head. If a player lands on this space, they can pick up a card.
4. The game ends when each player collects Peanut, Rosy, and Bea and makes it all the way to Crumbs's house for the party.

**For Competitive Play:** The player to reach Crumbs's house first with the most collected ingredients and supplies can be declared the winner.
