Using wooden or plastic eggs is a sure-fire way to avoid the breakies and the smellies. You know what we mean...

HOW TO MAKE

STEP 1

Print and cut Bubble Puppy template. Apply eyes, nose, and mouth pieces with craft glue, using the photo for reference. Fold the ears along the dotted lines, and glue the tabs to the top of Bubble Puppy's head. Set aside to dry.

STEP 2

Curl the blue rectangle into a ring and staple or glue it closed. Trace the tail template onto orange construction paper and cut. Glue the top half of tail piece to the ring, leaving the flipper unaffixed. Glue the collar piece to the ring, using the photo for reference.

STEP 3

Once all parts are dry (~½ hour) draw eyebrows above Bubble Guppy's eyes. Rest Bubble Puppy on his ring stand!
