SUMMER POSTCARD

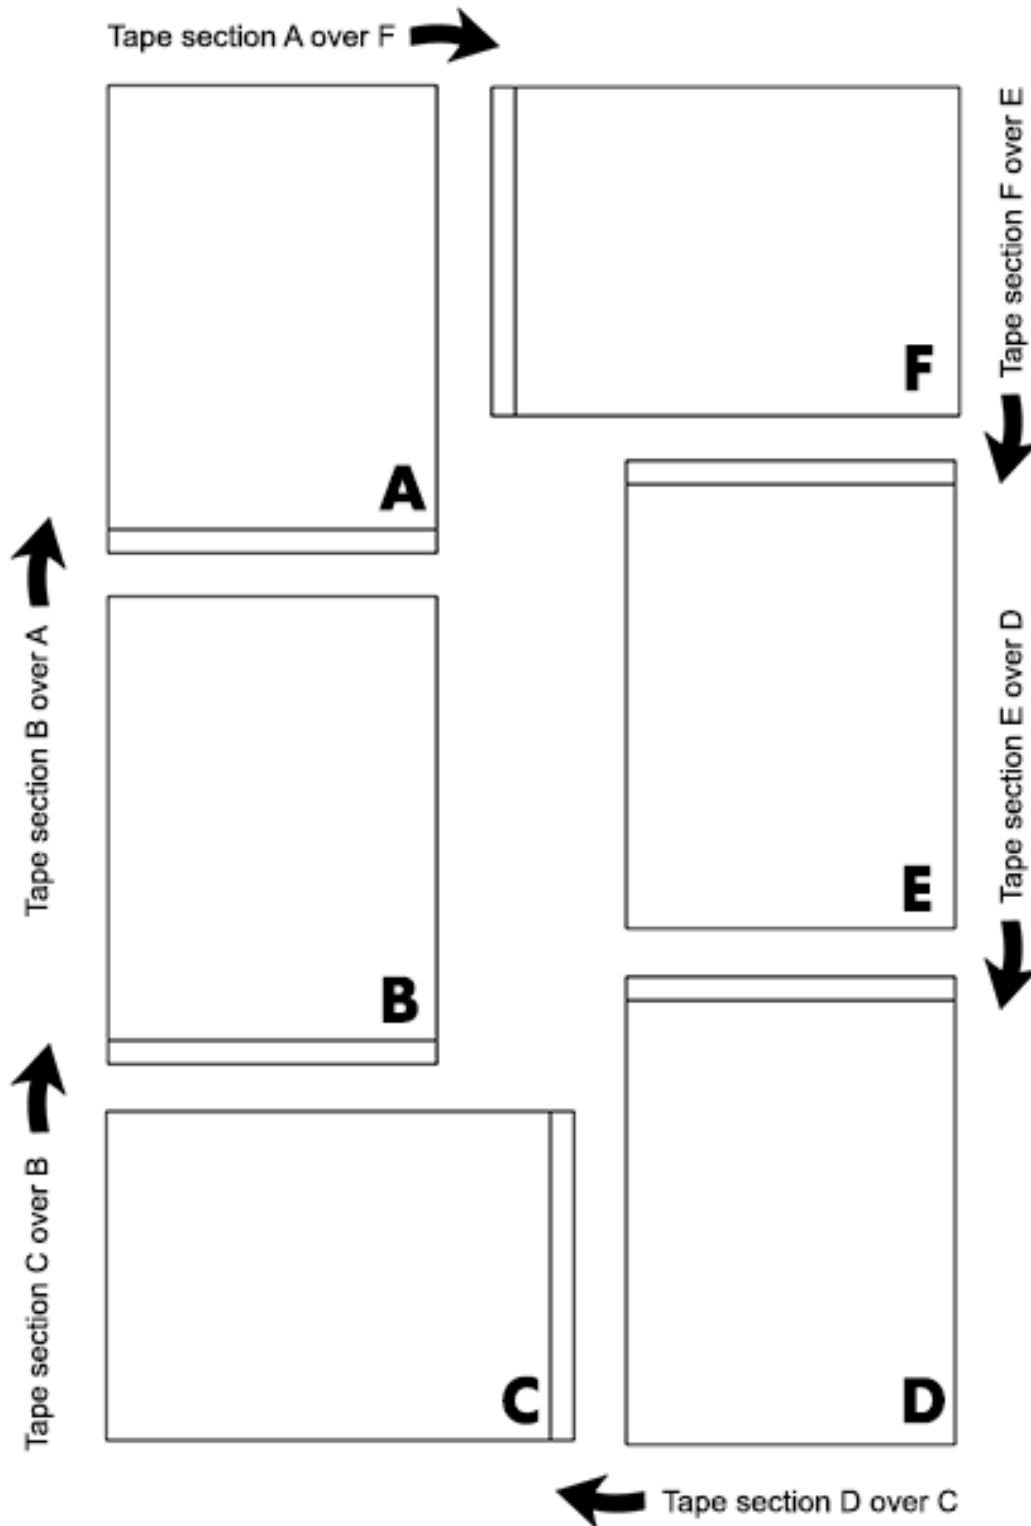

Cut along the dotted lines, fold in half, and glue together to create a swim-sational postcard!

BLAZE CAR AND RACE TRACK

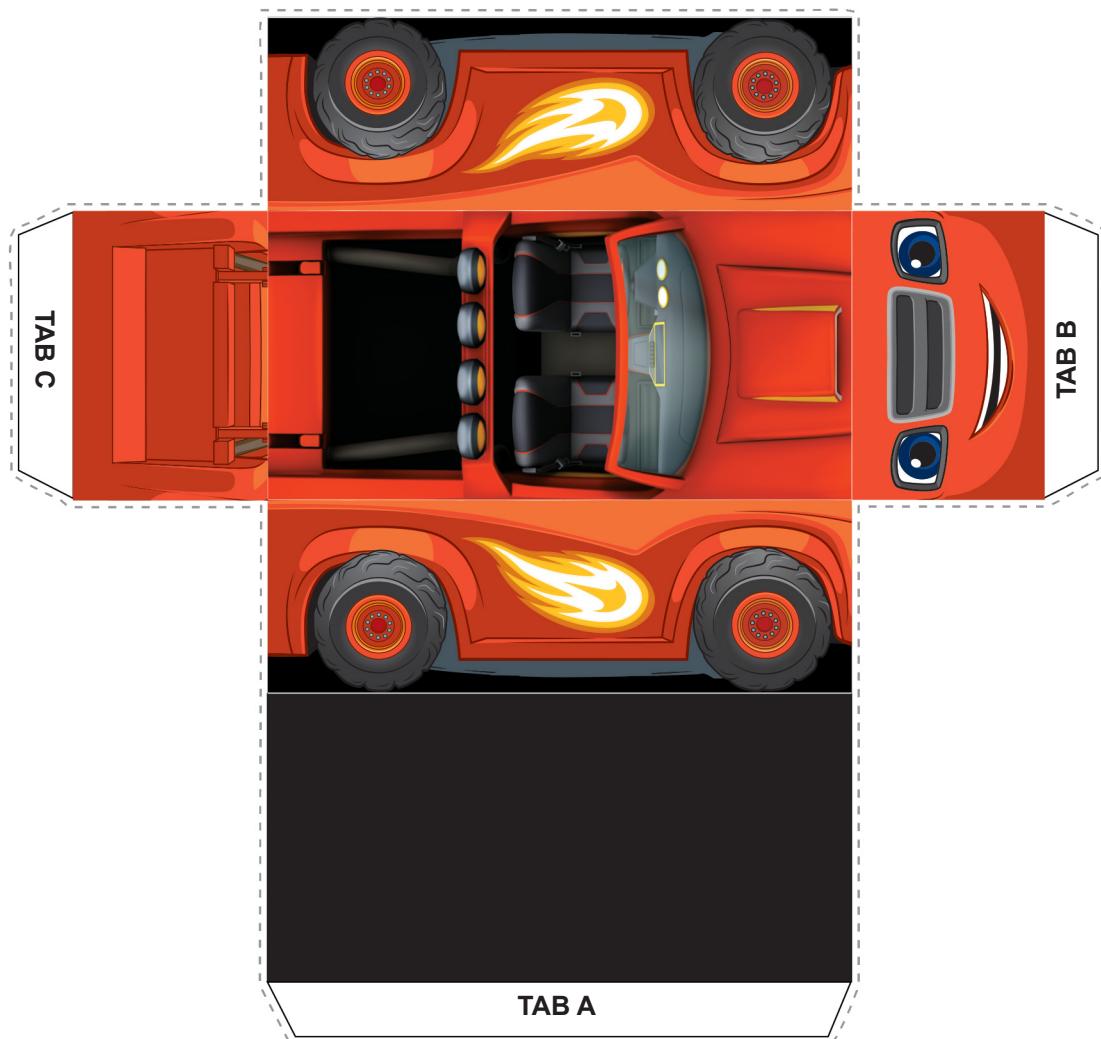

Make your own race track at home or on the go! Kids can use their own toy cars on the track, or print and use our Blaze vehicle toy! On the go, kids can connect the dots and color in the tracks.

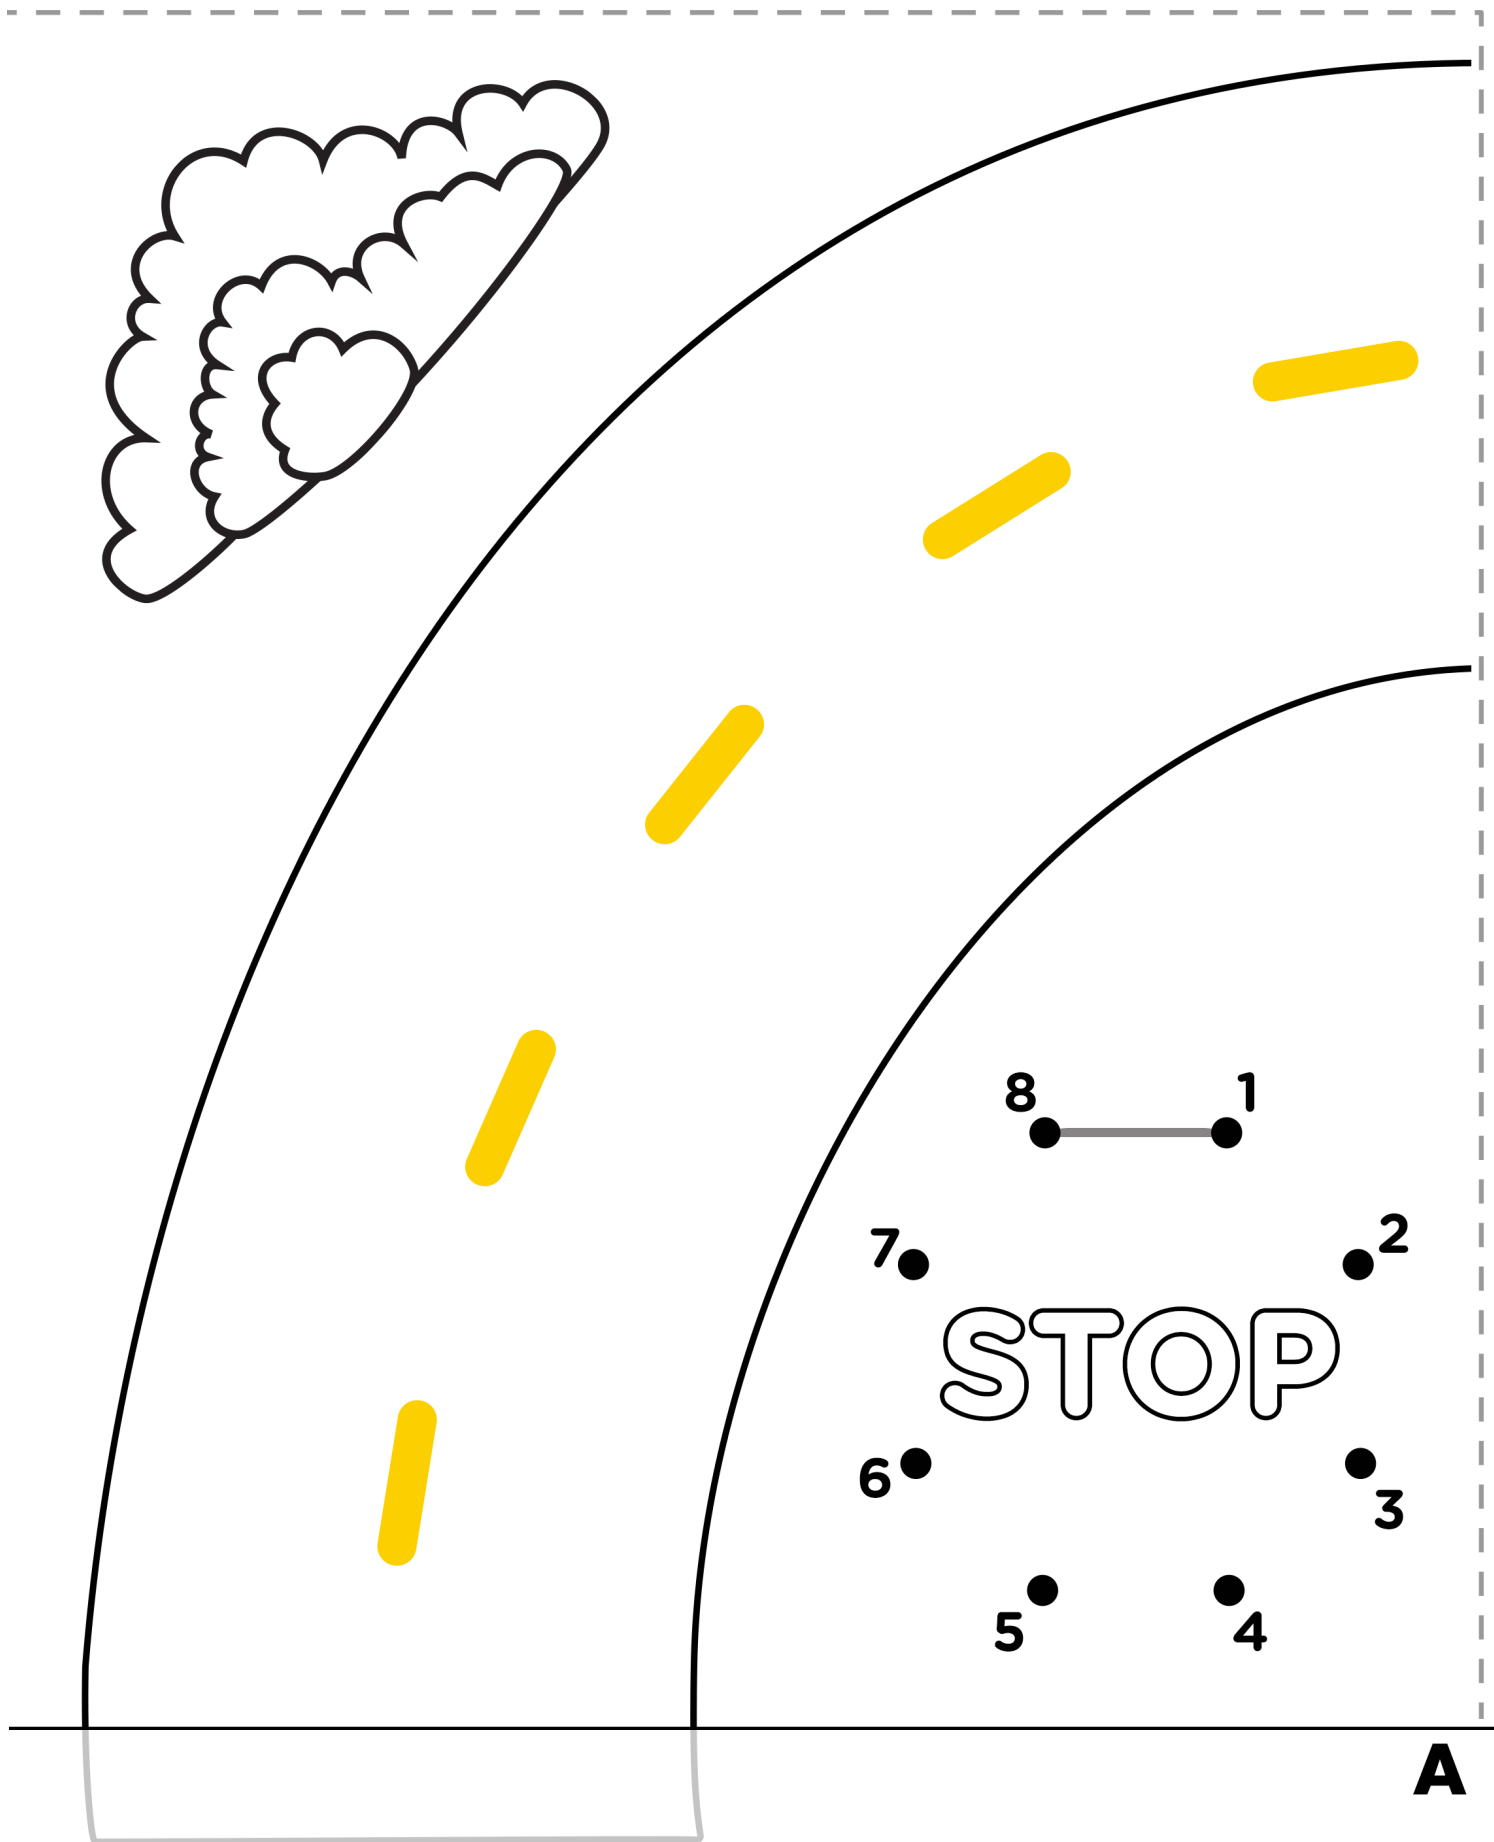

To create the race track, print and affix the tabs together, as shown below, using glue or tape.
Make a bigger race track by adding additional sheets.

To create the car, cut along dotted lines and then fold down the four sides of the car, the base, and the 3 tabs. Glue Tab A to the inside of the car. Glue Tab B and C to the underside or inside of car.

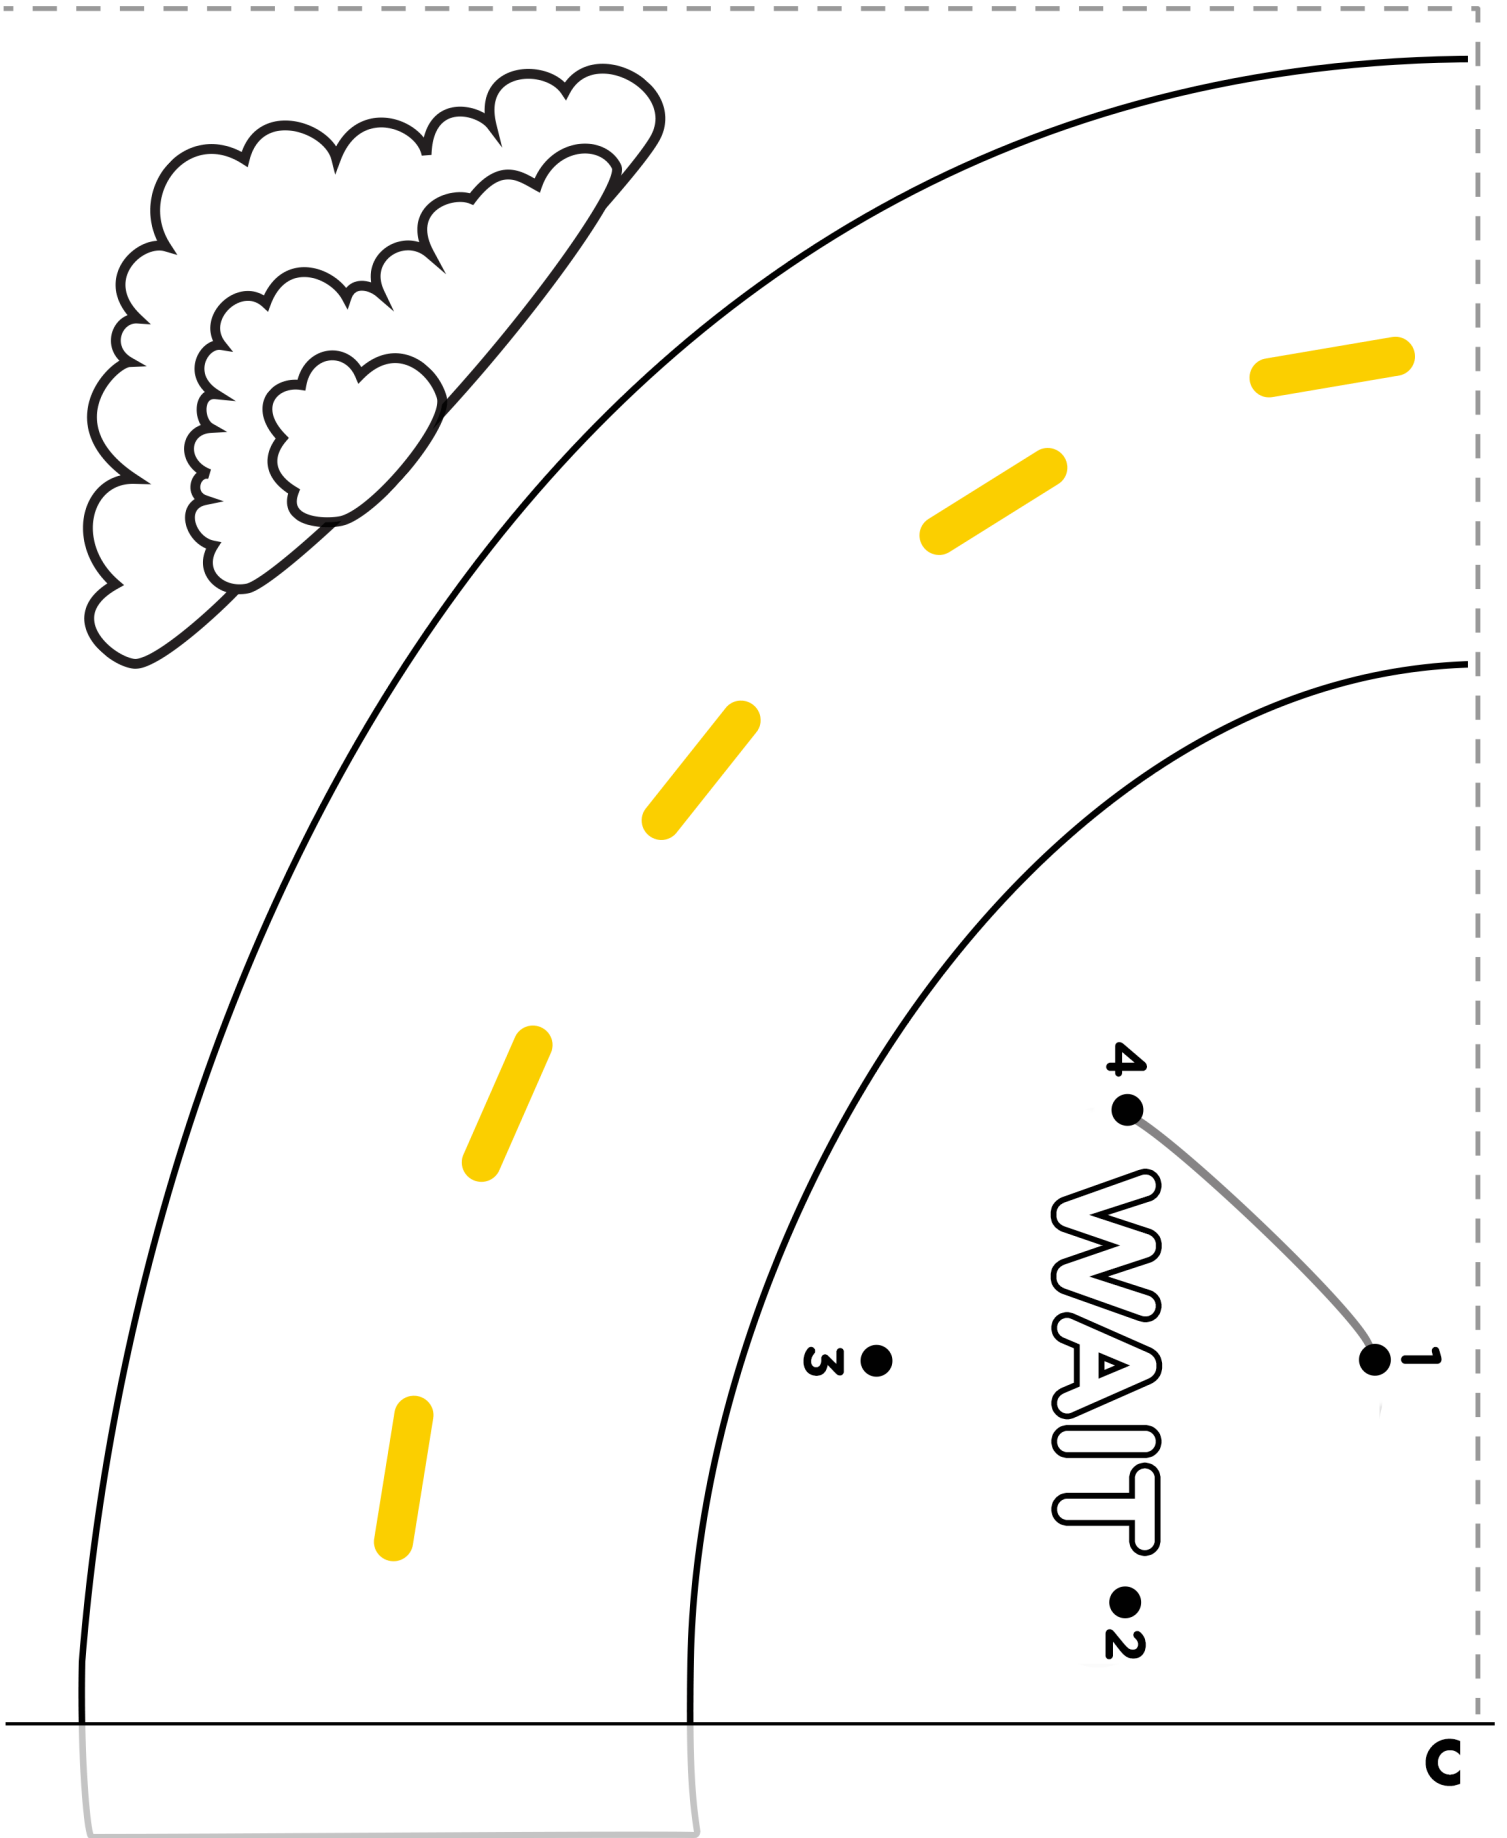

Tip: For more stability, try gluing to a cereal box, then cut and fold as instructed above.
