

Help Shine color in the genie gems. Use red to color the circular gems, blue to color the square gems, and green to color the diamonds.

Help Shimmer sort the genie gems by size. Use pink to color the biggest gems, purple to color the medium-sized ones, and yellow to color the smallest gems.

Look at the rows of genie gems. Count the gems in each row, then write the number on the lines provided. Which row has the most genie gems?
