

DIY Mason Jar Ocean Craft

MATERIALS

You'll need: mason jar, playdough, toothpicks, construction paper, blue glitter, glue, tape, scissors, printable

1

Create a mound of yellow playdough and place it in the base of the lid. This will be your "sand."

2

Make playdough rocks and seaweed and place onto the yellow base.

3

Cut out Sea Patrol characters and underwater details from the printable. Tape them onto toothpicks and stick them into the playdough sand.

4

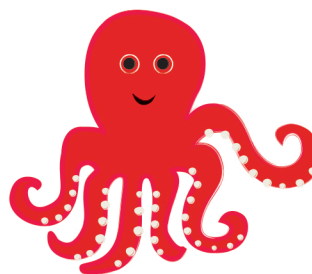

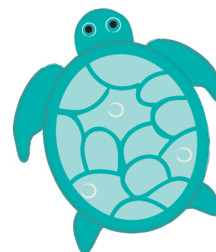

Cut out a rectangle of blue construction paper. Add glitter to the paper for a fun touch! Cut out remaining underwater creatures and glue to the glitter background.

5

Slide finished background into the jar. Close jar and you have your underwater scene!
